The Way Of The Vikings

The Heritage Of Monroe

When Monroe first opened in September, 1958, we were regarded as the "Baby of the Valley League schools"; however, just two weeks later we had begun the climb to the top of the ladder.

Under the two leadership classes which acted as our student government, the Period 2 representatives, and with the unfailing cooperation of the student body we chose "Vikings" for our nickname and Red, Powder Blue, and White for our colors.

Progress was evident as our school paper, the DOCTRINE, came out fifteen days after the school's opening. Numerous clubs were formed, and by the fourth week of school we had song and cheerleaders and a magnificent Drill Team.

The first student body elections were held in January, 1959, and Student Council met for the first time on January 30. Also on this day came the announcement that the **Alma Mater** had been officially accepted by the student body. The name of the school annual was to be VALHALLA.

In February the DIRIGONS, our first senior class, were recognized.

During the Fall Semester of 1959 we proudly gained possession of three Valley League championships: B Football and Varsity and tenth grade Cross Country. Our Varsity football team also captured third place in the West Valley League. In December, the second annual Viking Jamboree was held; it was made even more spectacular by the addition of the drawing for a Cadillac convertible.

In January 1960 our first commencement was held as the Dirigons graduated.

In the spring of 1960 we adopted our motto, "Achieve with Honor." Also at this time a life-sized oil painting of Viking Val, Viking Vic's mate, was presented to the student body at the third semi-annual awards assembly.

Progress was made in student government as a commissioner of scholarships was added to the Student Council. The graduation of the Valions terminated a second year at Monroe; one that had been successful scholastically, athletically, and socially.

As each semester passes, Monroe grows and grows! In the fall of 1961 our football lights were finally lighted. In 1962 our electric scoreboard was installed. We hope that a continuing pride in our school will lead to a stronger and better Monroe High.

Our School Has Traditions

FLAG RAISING

The flag in front of the Administration Building is raised every morning by members of the Knights.

As the flag is raised and the bugle is blown, it is customary for all persons to stop talking and stand at attention.

It is also traditional to raise the Viking Victory Flag the day after victories in any athletic event.

SOCIALS

Many socials, such as dances and sportsnights are held every semester.

Among the dances are the Senior Prom, Girls' League Backwards Dance, Welcome Aboard and Knights & Ladies Formal.

Most clubs and organizations have their own social functions during the semester.

ASSEMBLIES

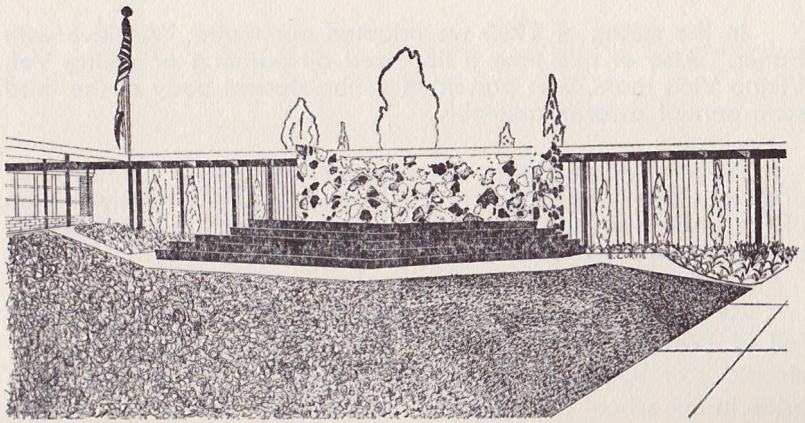

A number of traditional assemblies are presented semi-annually. Among them are the following:

The Nominations Assembly: held before each student body election. Here all candidates are introduced to the student body.

The Sports Rally: held each semester to introduce the athletic teams to the students.

V.A.C Reward Assembly: held in the fall to reward those who bought activity cards.

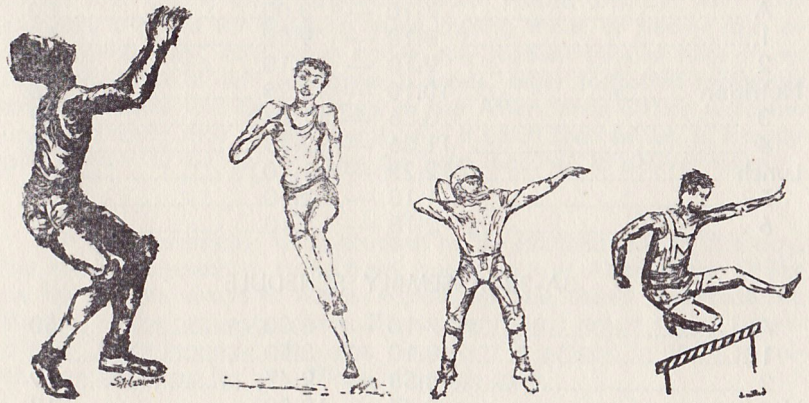

Boys' and Girls' League Assemblies: held for both boys and girls respectively.

Senior Lawn and Stage

ATHLETICS

Monroe traditionally participates in the following athletic events: football, basketball, track, gymnastics, tennis, golf, swimming, cross country, and baseball.

CLASS TRADITIONS AND CUSTOMS

Classes organize in their B10 semester. A sponsor, appointed by the principal. During the B-11 Semester a council, elected by the members of the B-II class from U.S. History classes, begins plans for election of officers and the selection of name, colors, sweater, motto, song, and recognition day.

The following officers are elected for the B-12 and A-12 semester: president, vice-president, secretary, and treasurer. Class songleaders are elected for the senior year.

SENIOR TRADITIONS AND CUSTOMS

Traditionally the senior classes are dismissed from all assemblies before the rest of the Student Body.

Senior recognition is the long-awaited day when the A-11 class officially becomes B12. The Senior B's, clad in their new sweaters, parade around the lunch area. Then on the Senior Lawn, located in front of the outdoor stage, the Senior A's welcome the new class. They officially recognize the new Senior B's with an exchange of yells and songs, and with inter-class competition/contests.

Other Senior traditions are the Senior Lawn, Candlelight Supper, Senior Breakfast, Senior Barbeque and the Senior Prom.

ATTENDANCE POLICIES

The Attendance Office is open from 6:45 until 4:30 daily.

The Attendance Office is located between the Health Office and the Boys' Vice Principal's Office.

The California State Education Code recognizes any illness or medical or dental appointment as absence for apportionment purpose. All other absences are classed as non-illness and are not counted for apportionment purposes. All absences must be verified by a note from a parent.

If it is necessary for your child to be absent, we would appreciate your calling the school, 894-5734, Attendance Office. Upon returning to school, a pupil must bring a note, signed by a parent or guardian, giving the specific reason for, and dates of absence. If a student neglects to bring a note, an attempt will be made to contact a parent. If the parent cannot be contacted, the absence card will be marked **No Note,** and the student must bring the note the following day.

The school office does not interrupt classes to deliver messages unless they are of an emergency nature. Please arrange with your students a place for meeting them during times of heavy rain or other emergency, and what action the student should take if his customary ride is not available. Lunches, other forgotten materials and messages will be accepted in the Attendance Office with the understanding that students will take it upon themselves to inquire about them as we do not have the help required to deliver them.

If it is necessary for a student to be excused during the day, he should present a note from home to the Attendance Office on the day he wants to leave. A pass will be issued to excuse the student at the requested time. The student must report to the Attendance Office immediately upon his return to school. In order to exchange the pass for an official absence card.

Pupils are not permitted to leave the grounds for lunch, with the exception of those who have lunch permits obtained by the personal application of parents in the Attendance Office. These passes are limited to those students who live within walking distance of school, who will be under adult supervision during lunch, and who make no stops other than at home during the noon hour. Pupils are not permitted to drive home or use cars during lunch.

Doctor's notes must be presented upon returning from surgery, fractures, or for coming to school with crutches or a cane.

The Child Welfare and Attendance supervisors will make home visitations in the event of attendance problems, extended absences, or requests for assistance.

Students going on a field trip should obtain a parent request form from the teacher in charge of the field trip, have it signed by parents and teachers, and return it to the sponsor of the activity prior to the day of the activity.

Please call upon us for any information or assistance which we may be able to render. We believe that good habits of attendance will pay rich dividends in academic achievement and citizenship for your son or daughter.

You Have These Services

HEALTH OFFICE

The Health Office is located next to the Girls' Vice Principal's Office. The Nurse is in her office daily from 7:30 a.m. to 4:00 p.m. Students returning after an absence of five days or more must report to the Health Office, which is also available for illness, first aid and other such emergencies.

Emergency Cards

It is very important to have an emergency card on file in the Attendance Office for every student enrolled. In case of an accident or serious illness, this card affords valuable information for contacting parents or an emergency referral if parent cannot be reached. May we suggest that you **return this emergency card as soon as possible to the Attendance Office.**

MAIN OFFICE

The Principal's Office, the switchboard and the teachers' mailboxes are located here.

VICE PRINCIPALS' OFFICES

The Boys' and Girls' Vice Principal's Offices are open at all times for your convenience. Obtain a pass from your teacher and feel free to come in.

PUBLIC TELEPHONES

Two telephones for the use of the students are located in the Administration Building. One is in the Attendance Office and the other is in the central hall.

THE COUNSELING OFFICE

You will be assigned to a counselor who will be your counselor during the three years you attend Monroe, and he can help you with educational and vocational plans, college and post high schools opportunities, and personal problems. Get acquainted with your counselor.

Requests to See Your Counselor

To make an appointment to see your counselor, fill out in detail the Request to See Counselor form which you will find on the counter in the counseling office.

Tenth Grade Guidance Classes

The Tenth Grade Guidance classes are an important part of the counseling services. You will learn, among other things, about yourself, Monroe, high school graduation requirements, college and post high schools opportunities.

College and Scholarship Information

If you are planning to go to college, you should consult college catalogs, attend college advisement meetings, and become acquainted with the weekly college bulletins posted in social studies classes. The scholarship advisor is available to discuss admissions and scholarship possibilities.

Cumulative Record

The counseling office maintains your official school record of grades and other important information.

Grade Point Average and Class Rank

During your B-12 semester your class rank and grade point average are computed. All subjects except Physical Education and Health are included in your grade point average.

Demotion

Students will be demoted in grade level at the end of the A-11 semester if they have not earned 90 credits.

Schedule of Classes

Each semester your counselor will visit classes to plan your next semester's program. Monroe uses the computer to schedule your classes, and you must remember the care and accuracy with which you fill out your IBM card will determine the correctness of your program. Get to know your computer.

PERMITS AVAILABLE TO YOU

There are many types of permits available to students. They may all be obtained in the Attendance Office.

Work Experience Office: The Employment and Work Experience teacher will handle all work permits and four-four plan requests. Job information may be obtained also.

Work Permits: Any boy or girl under 18 years of age who is employed full time, part-time, weekends or on vacations must have a work permit. This is required by the labor laws of the state. Work permits may be obtained in the Attendance Office.

Work plus school time must not exceed 8 hours per day or 48 hours per week.

Lunch Permits: Any student living within walking distance, may go home for lunch, providing he has a lunch Permit. In order to obtain a lunch Permit a parent must come to the Attendance Office and sign an application. The student must walk, not drive or ride, to and from school.

You Have A Library

Location: West end of the Administration Building.

Hours: 7:40-12:30; 12:45-4:00 (At lunch, passes ore required. These may be obtained from your academic teachers.)

Circulation: Most books (identified by pink cards) circulate for 2 weeks. Books in great demand (yellow cards) and pamphlets are for three days. Selected reference books (white cards) and unbound magazines are for overnight use only. Regular reference books and bound magazines are for library use only. You may check out a reasonable number of items, i.e., 2 fiction, 2 non-fiction, 2 magazines, and 2 pamphlets at one time. Any 2 week book may be renewed once.

Fines: 2¢ per day on everything except overnight books. On these circulating reference books, the fine is 2¢ per period. If you do not have the money for the fine, an IOU may be written. But you are expected to clear your IOU within a week. Fines are charged only for the days school is open and you are in attendance.

Overdue Notices: The library would prefer that there be no overdue books. Since many students need reminders to return material, notices are sent to your homeroom teacher. Failure to clear your record will result in notice to your parents or action by the vice principals.

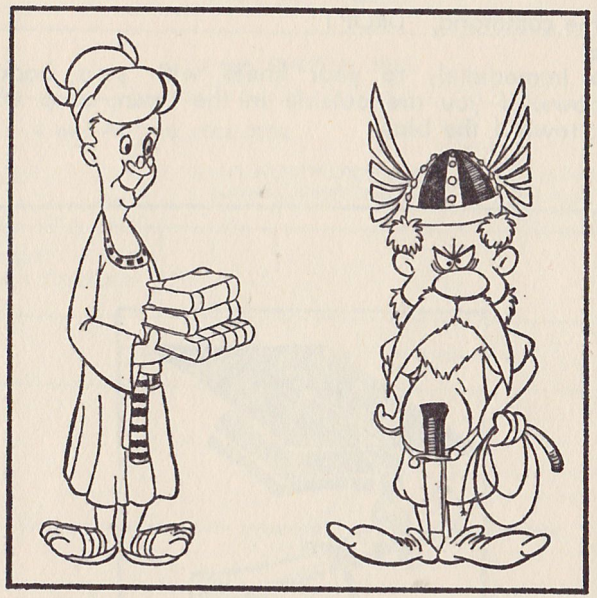

Students Sent to the Library on Passes: Any instructor may send you to the library on a pass. When you enter the library, leave your pass at the door or at the desk. If you return to class before the end of the period, reclaim your pass. The library assistant will note your time of departure, and you are expected to be back in class in 5 minutes. If you stay until the passing bell, your pass is returned to your instructor through school mail.

If you are enrolled in study hall, you may request a pass from the instructor. There are no permanent study-hall passes, and the number of students from study hall is limited.

You may be denied admission if the library is full. You will be asked to return to class if your conduct is not acceptable while in the library.

End of Semester: The library closes the Monday of stop-week. All records are expected to be cleared before finals. Any delinquencies will result in a "stop clearance" being placed on your records.

We have a good library. We hope you will use and enjoy it.

Student Conduct

A school can function properly only when there is good conduct exhibited by the students. Good conduct is correct behavior at assemblies, athletic events, in classes, halls and in compliance with school rules. Conduct might also be termed as your attitude toward your everyday life.
The following are a few courtesies traditional at Monroe:

Attendance in School: Few of us possess ability outstanding enough to be absent frequently and still receive all that we should from our courses. Regular attendance is absolutely essential for good work. Treat your school as you would your job. The school pays your wages in good habits, culture and knowledge.

Tardy Regulations: You are strongly urged to be prompt at all times. Your tardiness not only disturbs the class, but you also miss some of the work covered in the first part of the period.

1. A student is tardy if he is not in his assigned seat or station when the tardy bell rings.
2. If a student is detained by another teacher or an office and has written evidence of this, it should be considered as an excused tardy and there should be no penalty.
3. If a teacher wishes to keep a student out of another class, the permission of the other teacher involved must be requested **in advance.**
4. When a student is tardy more than 15 minutes, he should be sent to the Attendance Office for a re-admittance card.
5. When a student has been tardy to any class 3 times, a First Unexcused tardy Notice (white) should be sent home with the student to be signed by his parents and returned to the teacher.
6. When a student has been tardy to any class 5 times, the signed First Tardy Notice and a Second Unexcused Tardy Warning (blue) should be sent to the Vice Principal.
7. **On the 6th tardy, a Sixth Unexcused Tardy Notice should be sent to the Vice Principal noting the 6th offense and the previous notifications. This will subject the student to withdrawal from the class.**
8. Students returning from an absence should report to the Attendance Office for re-admittance cards. Students arriving in the classroom after the tardy bell rings will be considered as unexcused tardy.

On Campus:

1. You are expected to comply with the requests of School personnel. Failure to do so constitutes insubordination, insolence, or defying authority.

Honor Service Organizations

KNIGHTS AND LADIES

In every school there is a senior organization which is recognized as a group of outstanding students who have given much of their time and effort to uphold the high standards of their school.

Monroe's first Knights and Ladies set standards which will be followed by all students in the years to come. Membership in the two organizations should be the goal of every student from the B10 to the A12. They require a high scholastic average— 3.0 for both groups—and outstanding citizenship and service to the school. The Knights and Ladies are the official hosts and hostesses of Monroe; they usher at school events, sponsor extra-curriculur activities, and assist the school administration in various other capacities.

A student may apply in the A-11 or B12 grade. Once a student is accepted, he remains a member for the rest of his time at Monroe, provided he maintains the standards of the organization.

Each student desiring membership must make application stating his service to Monroe. The person must be giving service to the school during the semester of application, and must continue giving service to the school while a member of the organization. Application is made during the last half of the semester.

Each applicant's grade point average, citizenship, and service credit are rated on a scale with other applicants'.
