January 22, 1969

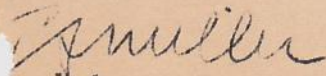

Dear B10:

Congratulations on your promotion and enrollment in James Monroe High School. The students and faculty of this school are happy to have you with us. We know that you will enjoy your stay here. Monroe has one of the most varied programs and one of the finest faculties of any school in the city. You should be able to find a course of study which will be of interest and value to you. We are a very large school, which will pose some problems of adjustment, but experience indicates that this will be a problem which you will solve most easily.

Your program has been prepared for you. It will be available when you report to school. You are to pick up your program in the Boys' Gym at eight o'clock on Tuesday, Feb. 4, 1969. Further instructions and assistance will be given there to assist you in locating your classes. If you have any questions at all, any of us will be happy to help you.

Welcome aboard the Viking ship! May your voyage be a fruitful and happy one.

Sincerely yours,

E. A. Miller
Principal
